

The Applicants wish to note that the filing of the enclosed terminal disclaimer in compliance with 37 CFR § 1.321(c) is not an admission to the propriety of the rejection. M.P.E.P. § 804.02 (7th Ed. July 1998); Quad Environmental Technologies Corp. v. Union Sanitary District, 20 USPQ.2d. 1392 (Fed. Cir. 1991). As stated by the Federal Circuit in the Quad Environmental Technologies decision, the "filing of a terminal disclaimer simply serves the statutory function of removing the rejection of double patenting, and raises neither a presumption nor estoppel on the merits of the rejection."

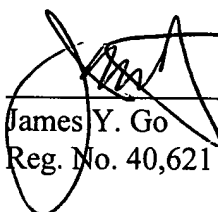

Therefore, the Applicants respectfully submit that the presently claimed invention is in condition for allowance and request that a timely Notice of Allowance be issued in this case.
